

Three new cesspool machines will start operation in SMC area

The Sambalpur Municipal Corporation has started operation of 3 new Cesspool machine to carry out collection & transportation of septage generated in SMC area with the objective of providing best sanitary conditions to the citizens of Sambalpur.

The SMC has selected one Private operator Ashoka Infra core Pvt.Ltd, Dalaipada, Sambalpur for operation maintenance of 3 number of Cesspool vehicles towards collection & transportation of septage generated in Sambalpur Municipal Corporation area. The Agency shall be responsible for collection & transportation of septage, operation and maintenance of Cesspool with the contract period for seven years. The private operator will have to deploy staff and carryout operation and maintenance including fuel charges in order to collect and transport septage from each household and all commercial establishments in the area designated by the SMC through 3 nos. of Cesspool Vehicles procured by the SMC.

The tipping fees for each trip have been fixed for Rs800 per trip which would be collected by the Pvt Operator as a user charges from customers .The person who is interested to take services of Cesspool may contact directly in the office of SMC or contact on the mobile no : 9778871816 and 9937602111..

It is therefore requested to all the citizens of SMC area to take the maximum benefits of this service.
